

The image displays a 10x4 grid of Retatrutide Injection boxes. Each box is white with orange and red accents. The top section of each box features the text 'GLP-1/GIP/GCGR' in small black font, followed by 'RETATRUTIDE INJECTION' in large, bold, black font. Below this, the dosage '60mg | 3mL (300units) BAC | 20mg/mL' is printed in orange. The bottom section of the box is orange and contains the text 'Multi-Dose Vial For Subcutaneous Use' in white. A red vertical band on the right side of each box has the text '60mg' written vertically in white. The boxes are arranged in a grid, with 10 rows and 4 columns.
