

The image displays a 10x4 grid of identical IPamorelin injection labels. Each label is designed for a 10mg multi-dose vial and is intended for subcutaneous use. The layout of each label is as follows:  

- Top Section:** The text "MUSCLE GROWTH" is positioned above "IPAMORELIN INJECTION". To the right of the product name is a stylized icon of a flexing arm.
- Yellow Bar:** A horizontal yellow bar contains the text "10mg | ANTI-AGING BENEFITS".
- Bottom Section:** The text "Multi-Dose Vial" is above "For Subcutaneous Use".
- Right Margin:** A vertical black bar on the right side of each label contains the text "10mg" in white.
- Footnote:** At the bottom of each label, it says "For Research Use Only".

The grid consists of 40 identical labels arranged in 10 rows and 4 columns.
